

Drew Sorrell Authors Cybersecurity and Ransomware Article for Orlando Inno

Jan 04, 2022

Drew Sorrell has authored an article entitled "5 Steps to Avoid Becoming the Next Victim of A Ransomware Attack" for Orlando Inno, a multi-media platform launched in partnership with the Orlando Business Journal that covers headlines focused on innovation, technology and Central Florida startups.

In the article, Sorrell discusses five steps to increase your company's line of defense against ransomware attacks.

"Even more common than most people think, ransomware attacks occur globally every 10.2 seconds, according to experts' estimates. And over 55% are aimed at small businesses. With an average ransom payment of \$170,404 plus recovery costs estimated at 10 times the size of the ransom payment, the cost for any company, but especially for a startup, can be devastating."
