

ALEXANDREA R.

SIMSER

Associate

407-418-6810 Direct
alexandrea.simser@lowndes-
law.com

Alex assists her clients with IP protection and acquisition strategies, including brand management, policing and enforcement, technology law issues, teaming/partnering strategies for global product and service roll-outs, complex business transactions, joint ventures, agreements for engineering and software services, subcontractor management, supply chain management and related matters. She represents startups and established businesses in an array of industries, including technology products and services, aerospace and aviation, cloud computing, communications, e-commerce, supply chain, and health care.

Prior to joining the firm, Alex opened her own law firm, serving as outsourced general counsel to business clients. She also previously worked as in-house counsel for a startup in the satellite communications industry, where she gained experience in negotiating complex commercial and government contracts, mergers and acquisitions, intellectual property matters, international expansion, corporate governance, FCC regulatory compliance, and labor & employment matters.

Alex is a frequent writer for Spacecoast Business and other publications.
