What drew you to Lowndes?

After completing my first year of law school, I knew I wanted to absorb areas of law that engaged me. Naturally, I was drawn to Lowndes because of their commitment to investing and mentoring associates. I am positive this experience will bring me one step closer to becoming a skilled lawyer.

What drew you to Lowndes?

The people! Throughout my interview process, everyone at Lowndes was so kind and welcoming. Since beginning my summer here, the supportive atmosphere I was originally greeted with has remained the same. I am immensely grateful to be working at a firm with such a strong sense of community.

What do you do for fun? Interests/hobbies.

For fun, I love to dance, and play pickleball and intramural softball! I'm also really fortunate to go to law school close to the beach, so I spend a lot of time there as well. Most of all, I enjoy spending time with my family and friends!

The people and the firm culture. Everyone is approachable and willing to teach.

Why did you decide to go to law school?

Becoming a lawyer has been my dream since I was 8 years old. Knowledge of the law is crucial in every aspect of society. I'm interested by all the practices at the firm, but I hope to integrate my interests, like technology, into my work, regardless of the area I end up specializing in.

What do you do for fun? Interests/hobbies.

Watch and play sports, cook, and spend time with family and friends.
