

ARTS & CULTURAL INSTITUTIONS

Whether we are representing cultural institutions or participating on their boards, we advise the arts and cultural community on a variety of issues that run the gamut from [land use and zoning](#) to [construction, labor & employment](#) to [intellectual property](#), and financing to tax compliance.

Downtown Orlando, in particular, is experiencing a cultural arts and entertainment renaissance of sorts, with the construction of the Orlando Magic's new Amway Center, the development of the new performing arts center and the upgrading of the Florida Citrus Bowl. Lowndes, Drosdick, Doster, Kantor & Reed is at the hub of all these projects and more.
